About the FDP:

Computational Biology is an Interdisciplinary field that relates computational methods to big biological data which includes analysis, mathematical modeling and simulation. The present programme aims to train faculties and research scholars with life sciences background with various tools, techniques and information related to computational biology and molecular docking.

Resource Persons:

Eminent researchers and faculty members from IITs, IISc, NITs, Centrally funded Institutes and Universities will deliver the lectures.

Distinguished Speakers

Prof. Mukesh Doble, IIT Madras
Prof. B Jayaram, IIT Delhi
Dr. Priyadarshi Satpati, IIT Guwahati
Dr. Thenmalarchelvi Rathinavelan, IIT Hyderabad
